

MIRTHE Post-Doctoral Fellowship in Industry program!

The MIRTHE Post-Doctoral Fellowship in Industry program is a one-year appointment (may be renewed for a second year if additional NSF funds become available) of a post-doctoral fellow at Princeton University who will be **working full-time at the industry member site.**

Who can apply?

MIRTHE graduate students within about one year of graduation and **MIRTHE early career post-doctoral researchers**

The successful candidate:

- Will conduct research closely related to MIRTHE core projects and closely aligned with host company goals.
- Will be assigned an industry mentor, a faculty mentor at Princeton University and at his/her originating university.
- Will interact often with her/his mentors and report twice annually to the entire MIRTHE community at the NSF site-visit and MIRTHE Summer Workshop.
- Will be enrolled in MIRTHE's formal post-doctoral mentoring program.

How to apply?

- Send your CV and a brief statement of research interests to Ms. Roxanne Zellin: rzellin@princeton.edu.
- Post your CV to the MIRTHE website.
- Applicants will be provided with a list of MIRTHE companies interested in hosting a MIRTHE post-doctoral fellow and then will directly apply to suitable companies.
- Once a match has been found, the candidate, together with the company, will provide a short proposal to MIRTHE leadership consisting of job description, candidate CV, and proposed research project.
- Decisions on awarding the post-doctoral fellowship will be made by MIRTHE leadership in consultation with industry.

The base salary provided by MIRTHE is \$42,000. Companies may augment this amount based on a candidate's experience and company regulations.

Applications are considered on a rolling basis; 5 appointments are expected during the 2009/2010 MIRTHE award year.
